

Finance Intern

Looking to grow your finance skills in a dynamic hospitality company? Join Conscious Group as our Finance Intern!

We are Conscious Group, we offer the most sustainable stay and a seamless guest experience in a fun atmosphere. We have 5 sustainable hotels, 1 organic restaurant and 4 coffee bars within Conscious Hotels, and together with Hotel V & The Lobby we have grown to a total of 9 hotels and 2 restaurants. Now, Conscious Group is looking for a Finance Intern **starting from June 2026**. Sounds like something for you? Read on!

The Finance team of Conscious Group consists of 10 colleagues. As our new Finance intern you will support the team with a variety of financial tasks and projects. You will be able to develop yourself and learn a lot about this field within the hotel industry.

For this internship we are not looking for people who only want to dig into numbers but especially for people who want to learn what goes on in a company and what is important. You will learn all the ins and outs of the hotel and will see what entrepreneurship entails. You get the chance to be part of a team where your knowledge and input is important and where you get the space to come up with your own ideas and possibly implement them.
