VACANCY PROFILE

Your responsibilities

The role

As our Dutch-speaking Content Intern, you'll be part of the Customer Success team, helping clients succeed by creating high-quality content with our AI-powered SEO tool. You'll work on content for dozens of different businesses, diving into their industries and learning what makes each one unique. Along the way, you'll see how data, creativity and AI come together to drive real results in a fast-growing tech environment.

What you'll be doing

- Write and edit blog posts, case studies and website content
- Optimise articles for SEO and readability
- Help manage our knowledge base and client resources
- Learn how to use AI tools for efficient content creation

Excited to create impact through words? Apply now and start your content journey at WP SEO AI.
