

Are you ready to kickstart your career at the intersection of sustainability, real estate, and technology?

Rhino – the global #1 in remote energy & utility monitoring – is looking for a Commercial Intern to join our team in Amsterdam. You'll support our commercial team in driving growth across ESG, smart buildings, and real estate tech.

 Your responsibilities will include:

- Outbound lead efforts: researching prospects, building lead lists, email & phone outreach
- Inbound lead nurturing: following up with interested prospects and scheduling demos
- Supporting sales campaigns, CRM updates & proposal preparation
- Assisting with market research, events, and lead qualification

 What we're looking for:

- Enrolled in or recently graduated from a business, economics, sustainability, or tech-related program
- Strong communication skills (Dutch native, English professional proficiency)
- Comfortable with email, LinkedIn, and phone outreach
- Organized, proactive, and eager to learn
- Affinity with real estate, energy, or ESG is a bonus

 Experience we value:

- Prior internship or student job in sales, business development, or marketing is a plus
- Familiarity with CRM tools (e.g. HubSpot, Salesforce) is an advantage
- Not required, but we love to see self-initiated projects or side hustles

What's in it for you?

- ✓ Hands-on experience in a fast-growing scale-up
- ✓ Work on real client cases and commercial processes
- ✓ Learn everything about ESG, data automation & smart buildings

Looking for a smart, driven, and curious mind. Is that you – or someone you know? Send us an email at careers@rhino.energy.
