

All-Round IT Intern

If you apply for this position, it means you are available full time for a minimum of 6 months.

Get the opportunity to experience the full picture of how a fast-growing tech startup operates, from product development to marketing and business growth. As our All-Round IT Intern, you'll work directly with both our tech and business teams and gain hands-on experience across multiple areas: quality assurance, marketing campaigns, sales prospecting, and internal operations.

You'll learn how a real product is built and launched, how users are reached, and how a company grows, all while contributing to HerFuture's mission to create equal opportunities for female tech talent.

Your role

- Product & QA: Test new product releases, find bugs, document feedback, and support feature rollouts.
- Marketing: Help create and schedule social media posts, write captions, and analyze campaign results.
- Sales Prospecting: Research and organize leads, prepare outreach lists, and support our B2B growth efforts.
- Team support: Contribute wherever help is needed — from events to product demos to brainstorming sessions.

Profile

- Naturally curious and open to learning new things
- Entrepreneurial mindset with a hands-on attitude
- Strong communication and problem-solving skills
- You share our mission to help create equal opportunities for students in tech
- Fluency in English (Dutch is a plus).

We offer

- A young, ambitious team trying to change the status quo!
- Office in Rokin, Amsterdam, 1 min from Central Station and right on the shopping street.
- Huge learning curve: you'll work closely with senior developers and the business team.
- Personal and professional development opportunities.
- Friday drinks, snacks, and the occasional board-game night to wrap up the week.
